- A combination of relaxation and exploration
- Full-day experience in the Ionian Sea
- Ideal balance between cruising and stops

Ideal for

- Couples and families
- Guests looking for a relaxed experience
- Guests who want to discover Ithaca in one day

Full Description

A full-day cruise dedicated to the authentic beauty of Ithaca, designed for those who wish to experience the island in a more relaxed and immersive way. Following a route that unfolds across some of the most iconic and unspoiled locations of the Ionian Sea, this journey offers a balanced combination of swimming, exploration, and scenic cruising.

Departing from Skala, the experience begins with a smooth and unhurried cruise across open waters, gradually approaching Ithaca — an island deeply connected to the story of Odysseus and the timeless idea of the journey itself.

The first stop takes place at Agios Ioannis Beach, a serene location, where guests can enjoy their first swim in crystal-clear waters surrounded by natural tranquility. From there, the cruise continues towards Vathy, the picturesque capital of Ithaca, where ample free time allows for a relaxed exploration of the town. Whether enjoying a coffee by the harbor, walking through its charming streets, or simply taking in the atmosphere, this stop offers a genuine connection with the island.

The experience continues with additional swim stops at carefully selected beaches. Gidaki Beach stands out for its striking turquoise waters and is widely regarded as one of the most beautiful beaches in Ithaca, offering a refreshing and vibrant swimming experience. The journey is complemented by a further stop in Koutsoupa Beach, a more secluded and peaceful coastal setting, ideal for unwinding and enjoying the natural surroundings.

With a total of three swim stops throughout the day, this cruise offers an ideal balance between time in the water and time exploring on land, creating a complete and well-paced experience.

Throughout the day, the rhythm of the cruise remains calm and enjoyable, allowing guests to fully appreciate each location without rush. The return journey to Skala follows a relaxed route across the Ionian Sea, offering a smooth and reflective end to a day shaped by simplicity, beauty, and quiet discovery.

More than a simple cruise, this experience invites guests to spend time in Ithaca — to explore it, to feel it, and to connect with a destination that has inspired travelers for centuries.
